EXTREMELY CRITICAL DESPERATE SITUATION

Such Is Flood Situation in Section Around Memphis.

FRIGHTENED BLACKS.

At Marion, Ark., Negroes in Abject Terror Have Gathered at Depot and in Cabins of Village and Refuse to Work.

Memphis, March 18.—The flood situation in the portion of the Mississippi valley contiguous to Memphis is extremely critical. It was thought at first that the break in the levee at Trice's landing would help matters by relieving the pressure of the water and causing a fall at this point. Instead of this the break has complicated conditions by flooding a vast area in Arkansas across the Mississippi from Memphis and a veritable sea exists in the St. Francis and Mississippi river basins extending from the one completely to the other, a distance of many miles. From this territory a call for help has gone from persons who have been surrounded in their homes and on higher portions of the country, and thus far it has been an impossibility to send them assistance of any character.

Through this territory the St. Louis and San Francisco railroad runs but all trains were annulled on this line, and no assistance can be rendered by the railroad, its tracks being under water near Marion, Ark.

At this latter point telegraph connections still exist to Memphis and the reports that come in over the wire are far from encouraging. The town is almost totally flooded and citizens are using skiffs as their only means of travel. Negroes and white persons from the adjacent territory are pouring into Marion each hour and they ask that a boat be sent to their rescue. There is no means of reaching the levee near Memphis and this may be done at once, if conditions of the levee are improved. Sheriff Williams of Crittenden county, that in which Marion is situated, has gone to the village in a skiff and will report upon his return to President Kilgore of the St. Francis levee board the true conditions there. It is estimated that several hundreds of people are surrounded by the water in the flooded Arkansas territory and in the extreme. Small skiffs cannot begin to rescue the citizens and it seems that it will be imperative to send a steamboat of some character to their aid.

Negroes at Marion have given away to fright and almost a panic exists. They have congregated at the depot and in the cabins of the village and refuse to work. A relief train, the last of which reached the village, the last 5000 sacks to be used in damming back the water but the labor cannot be secured to unload the train. A few floating bodies have been found at various points by the rescuers, but the number has not yet been alarming. A true estimate of the loss of life from the flood can never be made as the sections flooded are so vast in area and the population so widely dispersed that nothing like a census can be made.

THREE MILES WIDE.

The Water Is Flooding Lower Section of Concordia Parish.

Natchez, Miss., March 18.—Reports from Bogre, La., were to the effect that the break which destroyed the Texas and Pacific embankment had opened up to more than three miles. The water is filling the swamp, flooding the lower section of Concordia parish across to Black river. This water will make its way to the Red river and back into the Mississippi. Sacks and lumber have been shipped to the scene of the break and the ends will be riveted and braced so as to prevent further breaks.

With good weather for the past three days the crucial work on the more levee in Concordia parish has been completed and all that remains to be done is to increase its height. The weakest point of this levee was in the rivetment work at the base where the boards had rotted, causing the levee to wobble. A strong current had been running into this work, but age repaired. The low places in Green's private levee, eighteen miles below Vidalia, have been filled with sacks of dirt.

Elephant Dies on Steamer.

New York, March 18.—Elephant Jinggo, said to have been larger than Jumbo, died at sea on the steamer Georgic, which has arrived from Liverpool. The animal's death occurred March 12 and the huge body was buried at sea. The animal show bought Jinggo in London. The elephant had not traveled since infancy, and from the time of sailing at Liverpool it fretted and pined away. Jinggo was twenty-two years old, twelve feet high, weighed six tons and was valued at \$50,000.

FIVE BOYS DROWN.

The Little Fellows Were Playing on a Raft Which Capsized.
Joplin, Mo., March 18.—News of the death of five boys was received here from Chattanooga, Indian Territory. The boys were playing on a raft, which capsized. The dead: Raymond Crocker Berry, Luther Berry.

Adoption Adopted.

Berlin, March 18.—The reichstag adopted the appropriation of \$750,000 to cover expenses of Germany's participation in the St. Louis exposition.

Marion, Ark., Is in a Bad Way as Result of the Flood.

REFUGEES FLOCK IN.

Every Available Building in the Place Is Being Pressed Into Service to Properly Take Care of the Unfortunate People.

Memphis, March 18.—The river stood at 39.6 feet this morning and was stationary. The levees continue to hold and only one break is reported in the St. Francis system—that at Trice's Landing, twenty miles north of here. The waters of the big stream are rushing through this crevasse at a fearful rate and flooding the Arkansas basin south. The town of Marion, in Crittenden county, is in desperate straits, rapid encroachment of the flood. Hundreds of refugees are in Marion and to house these unfortunates. The Frisco railroad, which runs through the town, is under water, and the people have no means of getting out. This lough of the St. Francis levee board, and he announced that if the situation near Mound City so as to allow steamboats to get through to Marion. Reports of loss of life in remote districts are current, but in only two cases can they be verified. The body of an unknown white woman was found in the water near Mound City, and the corpse of a negro was taken from the overflowed district.

All railroads entering the city from the west are badly hampered by the rising torrent, and in many cases the schedules have been annulled. From every direction comes reports of overcrowded with poor negroes, who were picked up by steamboats and brought to this city. The city authorities have turned over several buildings to their use and they are being cared for by the Sunshine society.

A dispatch from Covington, Tenn., states that Island 35, which is considered one of the highest in the north end of the river, is flooded for the first time in its history. Sixty persons were rescued from the island by steam.

Reports from Helena state that the people of North Helena are alarmed before the flood situation. The levee only one foot more of water, and a great volume is yet to come from the north. Huntington levee, in Bolivar county, Mississippi, continues to hold. Hundreds of laborers are working day and night in an effort to strengthen the embankment at this point. The Yazoo and Mississippi Valley railroad has opened its lines again. The tracks have been raised and regular schedules resumed. The Illinois Central is running all trains and its officers do not anticipate and further trouble. The situation at North Memphis is unchanged. People are transferred in skiffs and many people are idle because of the shutting down of several industries.

Not a train is moving at Memphis on the Frisco, Iron Mountain, Choctaw and Cotton Belt. Union depot is crowded with passengers. Iron Mountain will take passengers to Helena by boat.

FULL OF HOPE.

Levee Board of New Orleans States That Everything Is Safe There.

New Orleans, March 18.—The river situation here remains practically unchanged. In fact, there has been no rise of consequence since Saturday, and the weather continuing clear authorities to materially improve temporary levees in front of the city. The Orleans levee board said the situation is full of hope, and there is no reason whatever for local apprehension. All levees south of Red River continue to hold.

Men are working on the New Orleans levee and Kenner and Sarpy levees above Kenner, and both are expected to stand through the stage of high water. The Mississippi Valley patrol train is carrying men and material to the scene.

Situation Wednesday.

Washington, March 18.—The Ohio river fell 1.2 feet at Cairo, and as a consequence the Mississippi, while slightly higher at Memphis, can rise a rise of three feet; New Orleans, 19.3 feet, rise of one foot.

BRYAN, TEXAS, MAR. 19, 1903

The anti-free pass bill is said to be a dead one. Of course.

Boers have options on several tracts of land in Texas and a number of them will settle in the state.

The Mississippi river flood situation is very grave and much loss of life and property is reported.

Gov. Lanham has vetoed the bill to establish a home for idiots and imbeciles on the ground that the appropriation is insufficient and present institutions are in need of funds that cannot be spared for new ones.

Madisonville, now having a railroad, knows that to get business she must also have good dirt roads and her business league is considering the project of making two roads across the county, intersecting at the county seat.

College Notes.

The cadets who intend to enter the field day exercises have begun to train. The exercises will be held on April 21, and in addition to the regular program it is probable a base ball game will be played.

Mr. A. W. Hawks, the "Laughing Philosopher," will lecture at the College assembly hall Friday night.

A bulletin on "Tomato Culture" is being mailed out by the experiment station. This is a valuable treatise on the subject and will be sent free upon request by the Director of Stations.

Dr. Stephen L. Blount, a graduate of the College, who is now a veterinary surgeon of Temple, Tex., is spending a few days here visiting old friends.

Prof. W. D. Gibbs is visiting the Troupe experiment station.

Bulletin No. 65 of the Texas Agricultural Experiment Station is on our table. The subject of this bulletin is "The Tomato." This bulletin is from the agricultural section. It is full of the every kind of practical information the tomato grower needs. It will be sent free on application to W. D. Gibbs, Director Agricultural Experiment Station, College Station, Texas. Not only may this bulletin be procured free, but on application to the director, stating what line or lines of farming you are interested in, you will receive all the bulletins without further trouble upon your part, until you change your postoffice address or have your name taken off the list.

MEN'S FURNISHERS.

BRAZOS COUNTY FARMERS INSTITUTE

Meeting Next Thursday, March 26, at 10 O'clock a. m., at Courthouse—Some Able Speakers to Address the Meeting.

At the courthouse in Bryan, next Thursday, March 26th, the next meeting of the Brazos County Farmers Institute is to be held.

Col. Bonner of Smith county, one of the ablest speakers on agricultural topics enlisted in this great movement, will be on hand, and also Prof. Atwater of Houston, will be present to deliver his illustrated lecture.

Prof. H. H. Harrington of the A. and M. College, has consented to speak on a subject full of practical interest to farmers.

Besides these three speakers, a number of others are on the program for papers and short talks of interest. McDuff Simpson will talk on the always interesting subject, "Plant Physiology." Rev. J. A. Freeman is on the program for a talk on "Practical Plan for Co-operation in Truck Growing."

Others are listed for short talks and papers. All are invited to come out and enjoy a day of communion on important points connected with the great business of the people—agriculture—a day devoted to the study of the problems that confront the farmer and the public.

Death of Mrs. Folks.

Mrs. Mary Jane Folks, wife of Mr. Wm. Folks, died at Maverick, Runnels county, on Wednesday, March 4, of pneumonia, after an illness of eleven days. She leaves a husband and six children to mourn for her.

Mrs. Folks was formerly a resident of Wickson Creek community, and afterwards of Edge, and the announcement of her death will bring sorrow to the hearts of many friends in Brazos county. She was a good woman, kind to every one, and devoted to her family, who have the sympathy of all in their deep affliction.

TELEGRAPHIC COTTON MARKETS.

Memphis Cotton Letter—Yesterday's Liverpool and New York Spot and Future Markets—Port Receipts Yesterday and Comparisons.

Special to Geo. W. Smith, Jr.:

Memphis, Tenn., March 18—Liverpool recorded an advance of four points on spot cotton today, but sustained a decline of 1½ points on arrivals. May and June sold on first call at 5.23 and closed easy at 5.18. Middling uplands were quoted at 5.36. Sales 7000 bales.

New York commenced the day at practically unchanged quotations. May sold on the opening at 9.79, declined to 9.78, advanced to 9.81, declined to 9.72, reacted to 9.77, and finally closed steady at 9.75 to 9.76. Spot quotations were not disturbed. Middling 10 cents; sales 300 bales.

The southern markets as a rule were easy and some of them fractionally lower. New Orleans sold 4,450 bales on a basis of 9½ for middling; and Memphis sold 2400 bales at 9½ for the same grade. Port receipts aggregated 14,026 bales; same day 1902, 18,056; same day 1901, 20,124; same day 1900, 23,175; same day 1899, 22,775; same day 1898, 27,855.

Interior receipts were relatively larger, the five principal towns receiving 9,492 bales. For the corresponding day last season, 8,726.

New Orleans expects tomorrow 4000 to 5000 bales, same day last year 3843. Galveston expects tomorrow 3000 to 4000 bales, same day last year 3294. Houston expects tomorrow 3300 to 3800 bales, same day last year 1337.

The market has been dull and featureless all day with nothing new on the situation worthy of comment.

"The Irish Pawnbrokers."

An advance notice says: "The Irish Pawnbrokers," three acts of consistent jollity, will be the attraction at the opera house, Tuesday night, March 24. The famous inventors of fun, Sullivan and Mack, and Mazie Trumbull, are the leading spirits in presenting this popular skit which is now in its third year of unbroken success and stands at the head of the farce comedy procession. The company numbers 25 people, has many new costume numbers, new music, a complete scenic outfit for three acts. Edgar Selden, the author has written many comic successes, including "A Hot Old Time." His latest, "The Irish Pawnbrokers" bids fair to outrival in popularity that famous comedy.

Our entire line of ladies' fine footwear now open. We want every lady in Bryan to call and see them.

Ruin."

Jack Shaw has returned from Mad-
isonville where he went to take Mrs.
Gus Steele of Navasota, who was
called to Madisonville by the illness
of her daughter, Mrs. E. D. Schu-
macher. Mr. Shaw says the levee at
the Democrat crossing is very rough
and full of holes and hard to get over.

Civil Engineer L. A. Gueringer,
who is in charge of the construction
work on the Madisonville branch of
the I. & G. N., passed through this
city yesterday, and in reply to in-
quiry stated that the work, so long
delayed by bad weather, is ready to
move forward again. Four miles of
track has been laid out of Navasota,
and the work stopped to wait for a
pile driver which will arrive today.
Mr. Gueringer says with fair weather
the road should reach Anderson in
ten days.

Ransom-Grice.

Mr. James T. Ransom of Hous-
ton and Miss Annie Belle Grice of
this city were married at 3:15
o'clock yesterday afternoon at the
home of the bride's parents, Mr.
and Mrs. W. B. Grice, Rev. E. L.
Shettles officiating. There were
no attendants and only relatives
and a few friends were present.
The couple left soon after the ce-
remony via the H. & T. C. for the
groom's home in Houston. The
bride is a charming girl of many
accomplishments, and was reared
in Bryan. The groom is H. & T.
C. baggage master at Houston. He
formerly lived in Bryan and was
check clerk at the H. & T. C. freight
depot. He left here last April.
The friends of the young people
unite in wishing them abundant
happiness.

The case of Bill Young, charged
with bringing stolen property into
the county, is attracting no little at-
tention in the district court. After
a day and a half spent in pleadings
before the court, a jury was secured
early yesterday afternoon and the
examination of witnesses began. The
jurors are J. J. Riley, Albert Schmitz,
Gus Stevener, T. A. Hensarling, Jno
Pate, O. L. Miller, Lum Benson,
Philip Hensarling, J. T. Cartledge,
Will McCullough, M. G. Buchanan,
J. P. B. Graham. Judge Lock Mc-
Daniel and Sam R. Henderson are
counsel for the defendant, and Dis-
trict Attorney Hudson and County
Attorney Nagle represent the state.
The state's witnesses were examined
yesterday afternoon and a night ses-
sion was held.

The corrected list of notaries pub-
lic, as sent to the governor by Sena-
tor Harper and Representative Foun-
tain, appears this morning.

MONEY SPEAKS.

Senator Says the President Has Caused General Disgust.

Washington, March 18.—In accordance with notice previously given, Senator Money of Mississippi spoke on the Indianapolis postoffice case. Mr. Money said that it was the duty of the postmaster general to "heal the breach which had been created." "The post-office department has made the people of the south hate the administration," he said. "The people of the south had hoped Mr. Roosevelt would be an American president, but instead he is the president of the black belt." His appointments, he said, had caused general disgust. He had raised the question of the social equality of the negro. Mr. Money said recent appointments had revived the race question. The south has tolerated negro office holders, but does not want any more of them.

"This is a white man's country and government." There was a feeling in the south, he said, that no colored man should hold office.

PAPERS EN ROUTE.

The Celtic Having Them on Board Has Left Liverpool.

London, March 18.—Extradition papers in the case of Whitaker Wright, a director of the London and Globe Finance corporation, who is under arrest at New York, were mailed on the steamer Celtic, which has sailed from Liverpool. John Flower, chairman of the shareholders' committee, which has instigated Wright's prosecution, informed a representative of the Associated Press that by advice of his lawyers he declined to reply to Wright's cable message to G. S. Barnes, official liquidator of the corporation, saying Wright's enemies seek to create a prejudice against him by circulating untruths, taking the ground that it would be highly improper for him to say anything which might prejudice the result of the trial. As to personal charges he added there is no need for contradiction, as they are obviously untrue.

PROFESSOR JAILED.

He Refused to Be Vaccinated or Pay a Fine as Result of Refusal.

Knoxville, Tenn., March 18.—A special to the Sentinel from Asheville, N. C., says: Prof. T. A. Weaver, at the head of a leading educational institution, has been sent to jail because he refused to be vaccinated and also because of his refusal to pay a fine of \$25 for said refusal. Vaccination was ordered as a precaution against smallpox. Prof. Weaver, it is said, may institute legal proceedings against the authorities and may take the case before the supreme court of North Carolina.

Anti-Merger Case Up.

St. Louis, March 18.—Hearing of the arguments in the anti-merger case of the United States government against the Northern Securities company of New Jersey began in the United States court of appeals before Judges Sanborn, Caldwell, Thayer and Vandevanter. Judge Caldwell announced the attorneys would not be limited as to time in presentation of arguments. James M. Beck, assistant attorney general, opened for the government.

Two Men Were Killed.

Pittsburg, March 18.—Fort Wayne freight train crashed into the furniture van of the North Side Transfer company at the Sandusky street crossing wrecking the van and killing two men. Two others are seriously injured. Killed: John McKnight, head severed from body; Albert Cornelius, body crushed. Injured: William Bustler and John McGreavy. The van was completely wrecked and two horses killed.

Burdick Inquest Postponed.

Buffalo, N. Y., March 18.—The Burdick inquest has been postponed until Monday next. District Attorney Coatsworth is suffering from a sore throat and cannot speak without great difficulty.

FIRST OF APRIL.

Senate Sites This as the Definite Date on Which to Adjourn.

Austing, March 18.—The senate passed house concurrent resolution providing for sine die adjournment April 1, and clinched it by tabling a motion to reconsider. This means that the general appropriation bill will hardly be passed at this session, and that it is almost certain there will be a special session.

From this time forward both branches of the legislature probably will work under high pressure, crowding measures through without devoting much time to their consideration. There are thirteen legislative days left.

The house for the second time killed the joint resolution providing for the submission of a constitutional amendment to extend the terms of trustees of public schools, state educational institutions and eleemosynary institutions. This was a platform demand, but it lacked a few votes of getting the necessary two-thirds.

The house spent the greater portion of Tuesday afternoon in listening to the fight between Mr. Schluter of Marion county and Mr. Blalock of Harrison county as to whether Harrison county should be exempt from the operation of the fish protective law. It was the same fight which they made two years ago. It arose because of the fact that Caddo lake lies between the two counties mentioned. It went over.

During the consideration of the bill Mr. Napier created some amusement by making a speech in which he declared that the bill was the most important measure before the legislature, overshadowing the appropriation bill, which the house had refused to consider, as well as the anti-trust merger and other administration measures.

Nearly every member of the legislature wore shamrocks Tuesday in honor of the natal day of Ireland's patron saint.

Boxer Movement.

Returned Missionary Asserts That It Has Two Distinct Phases.

San Francisco, March 18.—W. B. Bentley, a missionary who has been for a number of years at Shanghai, has just arrived here. In speaking of the situation in China he said: "The latest atrocity committed by Boxers was the murder of three missionaries in the province of Chi Li. All missionaries are flocking into the cities, as the country is no longer safe for foreigners. The Boxer movement in China has two distinct phases. In south China the movement is against the dynasty, while in the northern part the cry is, 'Down with foreigners.' The entire movement is not actuated by the Boxers, but by a class known as the Reform party. In the northern part there is an anti-foreign feeling, mingled with hatred of the dynasty. Throughout China there is a lack of co-operation among the reformers, and probably for some time to come the outbreaks will be of small proportions."

Promptly Paid.

Caracas, March 18.—The Venezuelan government accepts without reserve the protocols signed by Minister Bowen and the representatives of the powers at Washington. Proof of this was shown in the payment to the German minister of the first installment amounting to about \$70,000 of the \$340,000 pledged to Germany in satisfaction of that country's claim of honor. Minister von Pellgram was conducted to the Venezuelan foreign office by United States Charge D'Aaires Russell and the sum was paid out to the German minister.

Fine Record.

Lampasas, Tex., March 18.—The closing day of the Young Men's Christian association convention had among other interesting features the raising of \$1300 to assist the state secretary in his work. Report of committees showed much good work had been accomplished the past year. A woman's auxiliary was authorized and Miss Kate Daffan of Ennis elected president.

Cause Must Be Shown.

Paris, Tex., March 18.—In the federal court in the case of Adolphus Busch & Co. asking temporary injunction against Grayson county commissioners restraining them from putting local option into effect Judge Bryant ordered commissioners to appear at Sherman on the 23d and show cause why such writ should not be granted.

Seventh District Bankers.

Wichita Falls, Tex., March 18.—The fourth annual meeting of the Seventh District Bankers' association was held here with a fair attendance. Sam Webb of Albany responded to the address of welcome by A. D. Anderson at some length. Matters of importance were discussed.

MOST SHOCKING.

Killed Daughter and Mother Burned the House and Perished.

Penn Yan, N. Y., March 18.—In a frenzy of mania Mrs. James Strowbridge of Guayanoga village, five miles from here, killed her daughter, aged twenty-six years, and her mother, aged eighty years, and after setting fire to the house in which the bodies lay, deliberately entered and perished in the flames.

Exactly when or how the two were killed is unknown. The first intimation the neighbors had of the tragedy was Tuesday, when Mrs. Strowbridge's house was found to be on fire, and immediately afterward she was seen to set fire to another house across the street in which her daughter lived and also to two barns in which there were eighteen head of cattle and three horses. When a party of men attempted to break open the barn to release the animals Mrs. Strowbridge, who was standing in front of her blazing home, brandished a revolver firing at them repeatedly. Several of the men made a rush, hoping to close with the mad woman and disarm her, but she held them at bay with the revolver. While they were hesitating she suddenly cut her throat, filled a pail of water at the well, thrust a quantity of straw and hay into it and placing the whole mass on her head, rushed into the blazing house in which her daughter, body and the bodies of her daughter and mother were found after the fire had burned itself out.

Large Amount.

White Plains, N. Y., March 18.—A verdict for \$70,000 damages against the New York Central road was awarded by a jury of the supreme court for the death of Ernest F. Walton of New Rochelle, who was a victim of the Park Avenue tunnel accident. Mr. Walton was a member of the New York stock exchange.

Jones Again a Candidate.

Toledo, O., March 18.—Mayor S. M. Jones has announced his candidacy for the fourth term as a non-partisan. He gave out a characteristic letter.

PEOPLE THANKED.

King of Saxony Writes a Letter Expressing His Gratitude to Subjects.

Dresden, March 18.—The King of Saxony has written an open letter to his people thanking them for the proof of their sympathy with him in the "recent sad misfortune which had befallen himself and his family."

The king expresses the hope that the "perturbation and excitement which seized on a large section of the population in consequence of the distressing events of last winter" will now give place to quietude and the old feeling of confidence.

In conclusion he begs the people not to believe those who aver that "behind all the miserable deception a tissue of falsehood and deception, but to believe the word of your king, that this infinitely painful affair arose solely from the ungovernable passion of a woman who had long before secretly fallen."

Boxer Movement.

Returned Missionary Asserts That It Has Two Distinct Phases.

San Francisco, March 18.—W. B. Bentley, a missionary who has been for a number of years at Shanghai, has just arrived here. In speaking of the situation in China he said: "The latest atrocity committed by Boxers was the murder of three missionaries in the province of Chi Li. All missionaries are flocking into the cities, as the country is no longer safe for foreigners. The Boxer movement in China has two distinct phases. In south China the movement is against the dynasty, while in the northern part the cry is, 'Down with foreigners.' The entire movement is not actuated by the Boxers, but by a class known as the Reform party. In the northern part there is an anti-foreign feeling, mingled with hatred of the dynasty. Throughout China there is a lack of co-operation among the reformers, and probably for some time to come the outbreaks will be of small proportions."

Troops Have Been Dispatched.

Montevideo, Uruguay, March 18.—Troops have been dispatched to various points to check the revolution which has broken out in the department of Rivera, Flores and Maldonado, and a gunboat having a quantity of arms on board sailed for Rocha. It is believed that a state of siege will be declared. In departments where the revolution has broken out the white party predominates.

American Suicided.

City of Mexico, Mex., March 18.—Francis Whittemore, an American about thirty years of age, committed suicide in the Hotel Jardin by taking morphine. He was unknown here, and left no papers to explain the cause of his suicide nor to indicate his antecedents. He had been staying at the hotel two days and had made no acquaintances.

North Well Known.

Boston, March 18.—S. N. D. North, who has been appointed director of the census, is a resident of this city and is well known in manufacturing circles throughout the country. He is secretary of the National Association of Wool Manufacturers.

Ate Poisoned Apples.

Bridgeport, Conn., March 18.—Two children of Mr. and Mrs. James Weldon of Whiting Lane are dead and three others are critically ill, the result of eating apples which had been poisoned with paris green to kill rats.

Commandant Joubert Ill.

City of Mexico, Mex., March 18.—Commandant Joubert, one of the members of the visiting Boer delegation, is ill as the result of the opening of a wound received during the South African war.

GENERAL NEWS.

Amarillo, Tex., has a Business Men's club.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says:—"I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

Kodol Digests What You Eat.

Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50 cents.
